

JOB DESCRIPTION

Elementary Teacher

Required Skills:

- Collaboration with Japanese partner and all other teachers and staff,
- Applying constructivist, inquiry approaches to all teaching and learning
- Differentiating learning for students as necessary
- Developing our curriculum and program further in collaboration with other teachers and staff
- Commitment and motivation toward continual professional development
- Open-mindedness to Japanese culture and customs in the workplace

Qualification and Experience:

- Bachelor degree in Elementary Education
- A teaching certificate from your home country (or another English speaking country)
- Teaching experience in a cross-cultural environment (preferred)
- Teaching experience with students whose English is not their mother tongue (preferred)
- Teaching experience in an IB school with elementary age students(preferred)

Benefits and Training:

In addition to the monthly salary, travel expenses are paid up to a maximum of 25,000 yen per month and health insurance is provided. Holidays are set as follows: one week for Golden Week (May), two weeks for summer (August), three weeks for winter (Dec-Jan) and two weeks for spring (March). Relocation allowance. Additional monthly addition for teaching certificate.

IB training will be provided for all staff in addition to the company induction. An introductory IB workshop will be arranged for all new teachers (unless already attended elsewhere) followed by other official and unofficial IB-related workshops. There are also frequent opportunities for visits to IB and non-IB schools for professional development.
